MD/DC STATE COUNCIL SEIU ENDORSES NICK MOSBY

BALTIMORE, MD (August 18, 2011) – The MD/DC State Council SEIU has officially endorsed Nick Mosby for Baltimore City Council’s 7th District.

Nick Mosby is honored to have the support of the SEIU. The announcement comes just weeks after he received an endorsement from the Metropolitan Baltimore Council AFL-CIO. The MD/DC State Council SEIU is an organization that is well-respected in the communities that it serves. It is made up of 40,000 security officers, healthcare workers, educators, childcare providers, caregivers and public employees.

While other candidates in the 7th District race have been receiving negative attention in the media, Nick Mosby’s positive vision for Baltimore has continued to resonate. It is clear that he has positioned himself as the best choice to represent the district where he has chosen to raise his family and build his future. Our Home . . . Our City . . . Our Future is more than just a campaign slogan to him.

“I am proud to have the support of the working men and women of the SEIU” said Nick Mosby. “As your Councilman, I will constantly fight to improve the quality of life for the hard-working citizens and amazing children of this great city.”
